

## NIGHT SABRE™

Night Sabre linear security lights deliver the very latest in high brightness LED technology in a sleek and discreet weatherproof form. These beautifully crafted aluminium floodlights can fit under a windowsill, above a door or under the eaves. Built to last for over 35,000 hours, covered by a 2 year warranty.

- Digital PIR sensor will reliably detect movement up to 9m away
- Integrated photocell ensures the light only operates when needed
- Flashing warning LED indicates the presence of an active security deterrent
- Three models to choose from; 12v, PoE & Wifi in white or anthracite finishes
- NS-45S has full app and voice assistant control and can integrate with other smart systems to create intelligent deterrents
- App based geofencing also supports welcome home lighting
